- J-query

PROJECTS

- **Dice**
I created a two-player dice game using HTML, CSS, and jQuery. In this game, each player rolls a die, and the player with the higher roll wins.
- **Drum kid**
I created a drum kit project using HTML, CSS, and JavaScript. It features images of various instruments, each producing the corresponding sound effect when clicked, providing an interactive musical experience.
- **Simon Game**
I created a Simon game using HTML, CSS, and J-query. Players follow a pattern of colors to advance levels. If they make a mistake, the screen flashes red for a second, and the game restarts.
